100% PLANT-BASED

# OUR PRODUCT HIGHLIGHTS IN THE OAT RANGE

**NEW!**

# frischli

## 100% PLANT-BASED

### OATS ARE THE #1 MILK ALTERNATIVE

Oat-based products are gaining popularity among consumers due to their great flavour and sustainable nature. Another reason is the absence of lactose, milk proteins, and soy components, as well as the lower calorie and fat content compared to most other plant-based drinks. Oat products are therefore the most popular milk alternative, a fact supported by retail sales.

## More vegan options in restaurants, canteens, cafés & co.

The number of plant-based food service establishments in Germany has risen significantly in recent years. And the trend is rising. Additionally, a variety of veggie options entered the menus of regular restaurants, student services and communal catering. Many cafés now also offer at least one type of plant-based milk for coffee lovers.

Source: BMEL-Ernährungsreport 2020 / 2021

### More and more vegan, vegetarian and flexitarian consumers

According to the Federal Ministry of Food and Agriculture in Germany (BMEL), **10% of the German population was vegetarian and 2% vegan in 2021 – twice as many as in the previous year!**

**In 2020, more than half of the German population (55%) considered themselves flexitarian – and consciously opted for less animal-based food.**

**Oat products are more popular than ever!**

## WHY OATS?

### TRENDY

Oats are especially trendy in coffee specialties.

### DEMAND

Oats show the highest increase in demand.

### ENVIRONMENT

Oats are the most gentle solution for the environment. (s. "Öko-Test" 10/9)

### NON-GMO

Oats in the EU are cultivated without genetic modification.

### PRODUCT PROPERTIES

Oats offer the best properties for highly versatile products.

# WE KNOW WHAT'S POPULAR

Due to the increasing consumer interest in sustainable and plant-based diets, which is currently a major trend, frischli has utilized its extensive experience to introduce plant-based products tailored to the needs of bulk users.

- ✓ 100 % plant-based
- ✓ Naturally lactose free
- ✓ V-label certified
- ✓ Can be stored ambient
- ✓ Lower carbon footprint, lower utilization of land and energy

Inspire not only the flexitarian, vegetarian and vegan fans among your guests – and benefit from a promising trend.
